

# FIRST 2 LHC COLLIMATORS INSTALLED

E. Métral

⇒ **Email from Ralph Assmann on 31/05/06:**

- ◆ “The first 2 LHC collimators from the CERCA/AREVA series production have today been installed into the LHC tunnel at IR8R”
- ◆ “Both collimators are in the LHC tunnel but are active on the transfer line, protecting the LHC against wrong injection pulses”
- ◆ **“Another 80 collimators to be installed before start-up...”**
